

# LEADERSHIP AND PEOPLE MANAGEMENT

## About the Program

The Leadership and People Management program explores the important management facets such as personal effectiveness in senior roles, leading strategies development and implementation, managing change in a diverse, challenging and rapidly evolving business environment, communicating effectively and developing talents. It is a dedicated program for leaders and high potential managers to enhance their ability to manage with competence and lead for personal and organizational success.

## Learning Objectives

We aim to provide our participants with the ability to translate the learning and insights into practice at the workplace. A variety of teaching methods such as experiential learning, role plays, case discussions, presentations, exercises, assignments and oral questioning will be employed by the program's faculty in the training sessions. There will also be formal assessments for every module which serve to assess a participant's understanding of the subject matter.

## Modules

1. Leadership for Strategic Impact;
2. Talent Management for Business Leaders;
3. Becoming a Whole Leader;
4. Facilitating Innovation and Leading Change;
5. Role of Effective Managers;
6. Driving Performance Excellence.
