About the Program

In the tradition of expanding students' experience and knowledge within the scope of higher education, SolBridge actively engages in dual degree programs for undergraduate students with its partner universities.

This document is meant to serve as a guide for students interested in applying for 2+2 /3+1 programs. In this document, students can find definitions, requirements, obligations and application procedures of SolBridge 2+2/3+1 programs.

Program Requirements, Procedures & Credit Articulation

The outbound 2+2 / 3+1 program provides SolBridge students with the opportunity to complete 50% / 75% of their studies at SolBridge and complete the remaining 50% / 25% at a partner university. Students can obtain two degrees at the completion of the 2+2 / 3+1 program. In order to qualify to participate in the program, students must fulfill the criteria set by SolBridge and the host university.

Generally, students who participate in a 2+2 / 3+1 program are not required to pay any fees to SolBridge after they transfer to the partner university, and any scholarships held at SolBridge prior to the transfer are void. In some instances however, the agreement between SolBridge and the host university may require students to continue paying tuition at SolBridge. Students are advised to consult with the Study Abroad Office about payment terms and scholarships before applying.

Eligibility requirements

In order to apply for an outbound 2+2 program, students must meet the following SolBridge criteria:

	Minimum Credits Earned	Regular Semester Completed
BBA	70	4

In order to apply for an outbound 3+1 program, students must meet the following SolBridge criteria:

	Minimum Credits Earned	Regular Semester Completed
BBA	105/108	6

Students should also ensure that they meet the host university's admission requirements. Requirements vary by university so students should visit the host university's website for the most up-to-date information on admission requirements.

The following GPA and English proficiency scores are recommended by SolBridge:

	Recommended Cumulative GPA	Recommended English Score
BBA	3.0	79 ~ 93 TOEFL IBT / 6.5 IELTS

If students do not meet the minimum credits requirement at the time of application, they are still eligible to apply for the 2+2 program as long as they are able to complete the required minimum BEFORE the start of semester at the host university.

Application Procedure

1. SolBridge Application

a) Check the eligibility requirements of SolBridge and the host university. Inform the Study Abroad Office of your decision to apply to determine courses you need to take at SolBridge to be eligible to apply.

b) Submit the SolBridge Study Abroad application form* at least 2 weeks before the Nomination deadline.

*The application form is a Google Form, a link can be found in the email announcing the Dual Degree Program Application at the start of the semester.

Applications submitted by the [Priority Deadline] of **March 20** during Spring semester or **September 20** during Fall semester will be processed first.

Applications after the [Priority Deadline] will be processed on a first-come, first-served basis.

c) After the submission of the application, students will be assessed (and selected if necessary), and the results of the assessment will be announced to students.

2. Partner University Application

a) Study Abroad will nominate the selected applicants to a partner university.

* Please note that there might be a limit on the number of students that can be nominated to a partner. Generally, Dual Degree programs that allow to maintain a SolBridge scholarship have a limit of applicants accepted per year. Other programs, with tuition fees paid to a partner university, generally have no limit of students.

When more applications than the limit are received for the same university, students will be selected based on their academic performance and motivation.

b) After nomination, generally, you will be contacted via email from the partner university and you will be asked to fill out application form of the host university.

From this point on, you can start communicating directly with the host university.

c) You will next be notified of the admission decision, and the acceptance letter will be issued, an important document for visa application (aka Admission Letter, Letter of Offer, etc.)

3. Visa, Courses & Other Arrangements

a) While waiting for the admissions decision, start finding out about the application process and processing times for the host country visa.

Submit your visa application and make necessary travel arrangements while keeping in mind the orientation and semester start dates at the host university.

In addition, pay any advance fees required by host school (visa deposit, dorm deposit, etc.).

b) Complete an online registration for courses, if applicable.

c) If accepted at the host university, submit a copy of your acceptance/admission letter to the Study Abroad office, along with other documents:

- Acceptance Letter
- Clearance Check-list
- Responsibility Contract

Make sure to inform the Study Abroad Office and the host university about your travel dates.

Very Important!

After graduation from a partner university, a student **must submit a scan of a Diploma and a Final Transcript** to Study Abroad office (studyabroad@solbridge.ac.kr).

If the diploma is not submitted, a student **might be expelled from SolBridge** and therefore degree from a partner university **might be cancelled**.

Overview of Application Procedure

- a) Inform Study Abroad
- b) Submit SolBridge Application
- c) Assessment and Selection

SolBridge Application

- a) Nomination to a Partner University
(by Study Abroad)
- b) Partner University Application
- c) Receive an Acceptance Letter

Partner University
Application

- a) Apply for a Visa
- b) Select Courses (if necessary)
- c) Clear outstanding balance, return
library books / locker
- d) Submit a Responsibility Contract.

Visa, Courses & Other
Arrangements

Credit Articulations

Students participating in a 2+2/3+1 program are required to send official copies of their transcripts to the SolBridge Study Abroad Office each semester to maintain their academic status at SolBridge. Upon completion of the program, students are required to submit official copies of their final transcript and a copy of their diploma to the SolBridge Study Abroad Office to obtain a SolBridge degree. Students are also required to apply for graduation and complete the graduation checklist to obtain their SolBridge degree.

Outbound Policies

Length of Study

Students will study at the host university for the agreed time of two years/ one year so long as they do not violate the laws of the host country or policies of the host university. Students might have to spend an additional semester at the host university if they do not transfer enough credits or if they fail to pass required courses at the host university.

Withdrawing from the Program

Students can withdraw from the program at any point during or after the application. However, students must inform the Study Abroad Office to obtain official approval. Students are encouraged to carefully consider their decision before submitting applying for a Dual Degree program so that withdrawals can be avoided.

Obligations

1. Students must keep the Study Abroad Office informed of their enrollment status at the host university each semester. If students take a leave from the host university (e.g. military, health, general, etc.), students must duly inform the Study Abroad Office of their intentions before the start of the given semester. Failure to do so may result in disqualification from obtaining a SolBridge degree.

2. After transferring to the host university, students become the responsibility of the host university and must comply with the host university's rules and regulations. Students are subject to the host university's disciplinary actions and will be liable for any damages caused by them to the host university's property. The same applies to the host country's laws and its penalty system. Students may be expelled from the host university or have their visa revoked by breaking the host country's laws or the host university's rules.

3. Students are responsible for their expenses. This includes books, residence, flights or other costs which they may incur while studying at the host institution. SolBridge is under no obligation to provide financial support to students after they have transferred to the partner university.

4. Students are responsible for applying for and obtaining visas to exit Korea and enter the host country. The Study Abroad Office will offer general guidance and provide official documentation if necessary but will not be held liable if a student's visa application is rejected or if a student is unable to obtain a visa on time.

5. Students must submit transcripts from the host university to SolBridge in a timely manner to process the articulation of credits towards their SolBridge degree. Failure to do so may result in disqualification from obtaining a SolBridge degree.

Important Points to Remember

1. Students must recognize expectations and standards vary from university to university and country to country, therefore, performance at SolBridge may not always be a predictor of performance elsewhere. While studying at the host university, students should meet the host's expectations and they should be aware of these expectations before arrival or soon after. Although efforts are taken to ensure that students who best represent SolBridge are selected, their performance may not always be what was expected or hoped for.

2. If students do not meet the minimum credits requirement at the time of application, they are still eligible to apply for 2+2/3+1 program, so long as they are able to complete the required minimum before the start of the admission semester at the host university. Applications submitted under these conditions will be monitored to ensure that the students complete the minimum credits before attending classes at the host university.

3. Students cannot apply to a host university that does not have a dual degree agreement with SolBridge. If students wish to apply to such a university, the students may apply for regular academic transfer and must complete the school drop-out form. Students should consult with the Study Abroad Office before applying to such universities.

4. Credits earned during an exchange program will not count towards a 2+2/3+1 program. Participation in an exchange program prior to 2+2/3+1 program will likely lead to a delay in graduation

5. An English certificate, when required by the host university, may be provided only for students who submit official English scores (or genuine online results) and successfully pass the initial screening interview.

Who is Not Eligible to Apply?

! Students enrolled as dual degree / transfer students at SolBridge are not eligible to apply for a 2+2/3+1 program. In addition, students who have previously participated in an exchange program are also not eligible to apply unless they give up credits they earned during the exchange.

! Students are not allowed to participate in any dual degree program with a partner university which is in their home country. It is against the intention and the meaning of exchange program which is encouraging students to experience the different culture in other foreign countries to build up their global mindset and vision. (For students from China, participation in an outbound program in Taiwan is allowed).

SCHEDULE ONE

The following table outlines the progression agreed between the two parties in terms of allowing direct entry for suitably qualified students from SolBridge International School of Business (hereafter referred to as SolBridge) onto Year 3 (Level 6) of undergraduate degree programmes offered by the Hull University Business School (hereafter referred to as HUBS).

SolBridge Programme	Progression onto HUBS Programmes
Business Administration (Finance Specialisation)	Entry to Year 3 (Level 6) of the following HUBS undergraduate degree programme: BA (Hons) Business Management BA (Hons) Business Management and Accounting BA (Hons) Business Management and Financial Management BA (Hons) International Business BSc (Hons) Accounting BSc (Hons) Accounting and Financial Management BSc (Hons) Financial Management
Business Administration (Marketing Specialisation)	Entry to Year 3 (Level 6) of the following HUBS undergraduate degree programme: BA (Hons) Business Management BA (Hons) Business Management and Marketing BA (Hons) International Business BA (Hons) Marketing
Business Administration (Management Specialisation)	Entry to Year 3 (Level 6) of the following HUBS undergraduate degree programmes: BA (Hons) Business Management BA (Hons) Business Management and Supply Chain Management BA (Hons) Business Management with HRM BA (Hons) International Business BSc (Hons) Logistics and Supply Chain Management
Business Administration (Entrepreneurship Specialisation)	Entry to Year 3 (Level 6) of the following HUBS undergraduate degree programmes: BA (Hons) Business Management BA (Hons) Business Management with Entrepreneurship BA (Hons) International Business

Entry Requirements

- Entry requirements for Year 3 (Level 6) entry are completion of the first three years of the relevant SolBridge programme with a minimum overall GPA of 2.8, **plus** IELTS 6.0 with no element less than 5.5, or an equivalent score in an alternative approved Secure English Language Test that is recognised by the University of Hull.¹
- An additional entry requirement for Year 3 (Level 6) entry to BSc (Hons) Accounting is for students to have taken and passed the following SolBridge Finance specialisation module:
 - ACC203 Managerial Accounting*
- An additional entry requirement for Year 3 (Level 6) entry to BSc (Hons) Financial Management is for students to have taken and passed the following SolBridge Finance specialisation module:
 - FIN404 Financial Statement Analysis*
- An additional entry requirement for Year 3 (Level 6) entry to BA (Hons) Marketing is for students to have taken and passed the following SolBridge Marketing specialisation module:
 - MKT401C Consumer Behaviour*
- An additional entry requirement for Year 3 (Level 6) entry to BSc (Hons) Logistics and Supply Chain Management is for students to have taken and passed the following SolBridge Management specialisation module:
 - MIB415 Global Supply Chain Management*

*Specialization course: ask Study Abroad for help with course registration

¹ Subject to standard University of Hull admissions requirements.

3+1 Suggested Course Plan*

- Please use this plan for 3+1 programs.
- Please note: University of Hull / FH Aachen University of Applied Sciences
3+1 programs have additional requirements:

University of Hull: several majors have a special course requirement

FH Aachen UAS: 3 additional elective credits required (108 credits in total)

*This plan is a suggestion for students to be able to graduate from SolBridge in case of inability to join a 3+1 program. Required: 105/108 credits; Suggested: individual courses.

PRE-MBA/MBA PROGRAM

Pre stands for preparation. Establish a solid foundation for a master's in business administration. Our **Pre-MBA** Certificate program is designed for international **partner** university students with 3 years of courses in business and related majors. Complete your undergraduate career by starting your graduate career. Students who complete the Certificate program have the option to completed an accelerated MBA degree, earned within a minimum of 12 months and awarded by the Lam Family College of Business at San Francisco State University.

PROGRAM HIGHLIGHTS

Short-cut to Success: Qualify for an MBA program requiring approximately 12 months to finish.

No GMAT required: Gain admission into the accelerated MBA program after completing the Pre-MBA courses then requesting and acquiring a bachelor's degree from your home university.

Get Busy with Business Courses: Learn the essential conceptual and practical skills. A total of 8 courses:

- Business Communications for Professionals
- Business Finance
- Business Statistics
- Information Systems for Management
- Introduction to Financial Accounting
- Introduction to Management and Organizational Behavior
- Operations Management
- Principles of Marketing

All students pursuing MBA admissions must also complete a 1-unit MBA Preparation support course in both the fall and spring semester.

PATHWAY TO OPTIONAL PRACTICAL TRAINING (OPT)

9 months of full-time study

Semester 1:
Certificate Program
Full-time Study

Semester 2:
Certificate Program
Full-time Study

Optional Practical Training
Up to 12 Months

OPT:
Work up to
one full year!

College of Extended Learning

4+1 Pathway to Master Programs

4+1 programs are different from 2+2 or 3+1 Dual Degree programs: 4+1 Pathway to Master programs permit preferential enrollment of SolBridge BBA graduated students into partner universities' master programs. Please find the available programs below:

1. IE Business School

IE Business School 4+1 Program gives SolBridge students an opportunity to enroll on a preferential basis into IE Business School's Master programs. The program provides two separate degrees: a BBA from SolBridge and a Master degree of a student's choice at IE Business School.

- For the details on the available Master programs, deadlines and more, please visit IE Business School website: <https://www.ie.edu/business-school/programs/masters/>

Should you decide to apply for this program, please apply directly on IE Business School website while also informing Study Abroad at studyabroad@solbridge.ac.kr about your plans.

2. NYU Stern School of Business

NYU Stern School of Business 4+1 program gives the opportunity to complete the Master of Science in Accounting (MSA) program at Stern. The program has the following requirements:

- Students participating in this program will ideally have interned with a professional accounting firm, preferably a Big 4 firm, in their junior and senior years (though not required) and hopefully secure a full time position offer upon graduating from one of these universities. They would then seek a one year deferment to complete the MSA program at Stern before starting a full time position with the firm.
- Please find more details about the program, deadlines and other relevant information on NYU Stern School of Business website: <https://www.stern.nyu.edu/programs-admissions/masters-programs/ms-accounting/admissions/4-1-partner-schools>
- Please note MS in Accounting Pre-Enrollment Requirements to join the program: <https://www.stern.nyu.edu/programs-admissions/masters-programs/ms-accounting/admissions/pre-enrollment-requirements>

Should you decide to apply for this program, please apply directly on NYU Stern School of Business website while also informing Study Abroad at studyabroad@solbridge.ac.kr about your plans.

**Course Offerings

**Note: some courses are typically available once per academic year (only in Spring/only in Fall semester), subject to change:

Course Code	Course Name	Typical Semester Offering
ENG150	Honors English	Spring
ENG151	Honors English II	Fall
MAT150	Honors Mathematics (I)	Fall
MAT151	Honors Mathematics II	Spring
PHY101B	Physics - Foundations, principles and applications	Spring
CHE101B	Chemistry: Principles and Modern Applications	Fall
HIS160	Survey of US History	Spring
HIS100	Highlights in Asian History	Spring
PSY201B	Psychology for Business	Fall
SOC201B	Sociology for Business	Spring
BUS405	Business Law	Fall
ACC203	Managerial Accounting* *(Specialization course: ask Study Abroad for help with course registration)	Spring

If you would like to participate in a 2+2 Dual Degree program, please plan your 2nd year course schedule ahead of time taking the course offering into consideration.

Frequently Asked Questions

1. Is it possible to participate in both Exchange and Dual Degree program?

Students can choose only one program: up to two semesters of Exchange program, or a Dual Degree program. Credits earned during an exchange program will not count towards a 2+2/3+1 program. Therefore, depending on a student's personal plan of study, participation in an exchange program prior to 2+2/3+1 program may lead to a difficulty in joining a dual degree program or a delay in graduation.

Note: the above does not apply to a 4+1 program. It is possible to join a 4+1 program after Exchange, or after a 2+2/3+1 Dual Degree program.

2. Can I apply to a university that does not have a dual degree agreement with SolBridge?

In such a case, Study Abroad Office will not assist you with the application. Your application will be processed by other university and treated as a regular transfer application because credits are not transferrable without prior agreement between universities. You must apply to drop out of SolBridge if you choose to apply to such a university.

3. Can I submit TOEFL or other English score instead of IELTS?

Please consult Study Abroad or directly the English proficiency requirement section of the target university website. Universities typically post a list of accepted tests and minimum requirements of each test.

4. Can I withdraw from a program after being accepted?

It is possible to withdraw from a program, but you must inform the host university and the Study Abroad office. An official approval from both universities will be required to process the withdrawal.

5. Can I return to SolBridge after withdrawing from a 2+2 program?

Generally, yes, but you will need to follow additional procedures before returning. Consult with the Study Abroad Office before returning.

6. Do I need to complete all Required Courses of the university I am applying to?

Yes, students are expected to complete all Required Courses to ensure their successful admission to a dual degree program. Please consult Study Abroad if you have difficulties with fulfilling the required courses of a particular dual degree program.
